## Invitation

### About the Workshop:

National Education Policy- 2020 is the most visionary policy of the 21<sup>st</sup> century. The Policy aimed at mainstream students at all levels of education. It helps to pave the way for students for their settlement in life, by emerging flexibility in the education process. By implementing NEP-2020, holistic education can be achieved; thereby creating numerous employment opportunities will become easier. In particular, in NEP, the language policy is worth noting and emerging. As we know the education of language is the basic core of education that helps to develop abilities and skills of the students. They can also enhance their awareness of qualities such as reflection, conceptual perception; observation, independent understanding ability etc. Now-a-days all these qualities are very much essential to students to sustain in practical world. Apart from the literature studies, the linguistic abilities in the field of business - such as media, office and administrative fields, translation, commercial and scientific writing, effective writing in the area of films, screenplay, play writing, memorization skills, etc. have scope to provide employment opportunities to students, so that practical and applied courses have been adopted at all levels of education as per NEP 2020. Today, India's social affairs are increasing. Many areas of business are touching our lives after Liberalization, Globalization and Privatization. As we enter the 21<sup>st</sup> century, these areas of business are going to expand even more. India is no exception to this, joining all the advanced countries, it also invited foreign businesses by joining the GATT agreement, as a result of which the study of Indian languages has started across the globe and thus the chances of demand for the study of Indian languages by foreigners have increased. Now it is our responsibility to modernize the teaching methods and expand the horizons of our courses by spending time with foreign languages keeping in mind the context of the changing times. In addition to the above, India has a cultural, literary and linguistic richness unlike anywhere else. The formula of unity in diversity is at the root of Indian culture. How the Indian language policy should help to create technical and professional courses and to promote the mutual enrichment of Indian languages? It is also need of the hour to show some light on ways of fulfillment of the objectives of the new national education Policy 2020.

### About the Rajgad Dnyanpeeth:

Rajgad Dnyanpeeth was established in the year 1974 by Honorable Shri Anantraoji Thopte, Ex Education Minister of Maharashtra. The Mission of Rajgad Dnyanpeeth' is "प्रज्वलितो ज्ञानमयः प्रदीपः" inspired by this idealism, the institution moves towards enlightenment by acquiring knowledge. Even this institute is continuously working for the bright future of students from remote and hilly areas. The institution imparts education right from nursery to post graduate level and up to research level. At present, 8 colleges and 32 schools are functioning under the umbrella of Rajgad Dnyanpeeth. More than 10000 students are taking education in different branches of Rajgad Dnyanpeeth. Honorable Shri. Sangramdada Thopte, MLA is an Executive President and Honorable Smt. Swarupatai Thopte is Honorary Secretary of Rajgad Dnyanpeeth.

### About the College:

Anantrao Thopte College was established in the year 1982. Around 5,000 students are taking education. It has Arts, Commerce and Science faculties around 15 departments are running 24 courses. At Present, the college has functioning 4 research center for the subject of commerce, economics, chemistry and political science. This college has been re-accredited by NAAC recently with the prestigious "A" Grade. More than 85% faculty members have completed Ph.D. in their respective fields. The college has a reputation of excellent academic results consistently. It has an excellent track record of lustrous alumni. The Principal and the faculty member of college have been conferred different awards and recognitions from Government and University from time to time.

### About the Department of Marathi and Hindi:

The Department of Marathi and Hindi started functioning in 1982 since the inception of the college and PG in the year 1994. The department is having well infrastructure. The department conducts various student centered activities such as seminars, group discussions, competitions. Projects etc. and organize periodic guest lecturers to motivate students for achieving excellence and to develop research aptitude. The department of Marathi and Hindi has a glorious tradition of good results at university level. Some of the students have received marital awards at the University level. The department has a reputation that many students became renowned professors and bright successful personalities in their future career. The department organizes literacy competitive programmers such as Marathi bhasha din, Hindi bhasha divas, and elocution and debating computation, essay writing, poem reading etc. To encourage and cultivate these activities, renowned personalities were invited to deliver the lectures and share their life experiences. The Department organize National and State level Seminars/Workshops. Recently the Department of Marathi was

organized One Day State Level Seminar on "Dr.Babasaheb Ambedkar Yanchya Mukanayak che Shatabdi Varsh Aani Ajachi Patrakarita" on 20<sup>th</sup> January 2020. in this way, both departments are implementing activities related to the field of literature; in order to increase the awareness of literature among the students.
